

Contractor Marketing - Internet Marketing for Contractors: 8 Must have strategies to succeed in your local area. Cash in on the internet, get in-front of customers that are looking for you.

Internet Marketing & SEO for Contractors is a breakthrough book written specifically for Roofers, Plumbers, Kitchen Remodelers, Pool Builders, Landscapers, Pest Control, HVAC Contractors and other Home Service Businesses. If you are looking for ideas, strategies & techniques to grow your Contracting business and get more inbound calls, leads and profits by marketing your business online then you need look no further. This book helps you understand the different parts of local marketing and how the pieces all fit together. You can implement one or as many of the strategies as you can possibly fit into your day without taking up the time to actually be doing the work need to make the money. Obviously the key factor is time and resources but the more you pu into your marketing efforts the more rewards you will reap. Throughout the pages of this book we will help you understand the internet marketing landscape, define a proven plan for leveraging the internet to drive profitable inbound leads and walk you step-by-step through the process of implementing that plan for maximum results in terms of leads, calls and profits. At first glance it might be overwhelming to consider all of the marketing options available in your online marketing playbook including Search Engines (Organic, Google Local, Maps, Pay-per-click), Social Media (Facebook, Twitter, Google+, Linked In), Paid Online Directory Listings (Angies List, YP, Yelp, etc) and Paid Online Lead Services (Home Advisers, Networx, etc). To maximize your lead flow from the internet you need to understand each of these marketing channels and develop a strategy for leveraging each. We start the book by mapping out each of these online marketing channels so that you can see the big picture and understand the potential. From there, we take you step-by-step through each of these online marketing

initiatives with clear instruction so that you can setup and implement a strategy for each. The importance of your website

How the Search Engines work How to optimize your website for the keywords that are most important for your particular business via Search Engine Optimization (SEO) How to get ranked on the Google Map in your area How to ensure that your website converts visitors into leads in the form of calls and web submissions How to optimize your website for mobile visitors How to leverage Social Media (Facebook, Twitter, Google+, LinkedIn & other Social Platforms for maximum effect How you can tap into the power of YouTube & other video sharing websites to enhance your visibility and drive better conversion How to leverage eMail marketing to connect with your customers on a deeper level, get more reviews, get more social media followers and ultimately get more repeat and referral business. How to maximize the profitability of your pay-per-click marketing efforts What paid online directories should you consider advertising in (Angies List, YP, Yelp, Judies Book, Merchant Circle, etc) How to properly manage Pay-per-lead services for maximum return and long term gains How to track your online marketing plan to ensure that your investment is generating a strong return on investment If you follow the plan outlined in this book you will be well on your way to a more profitable contracting business with better placement online and more inbound leads. Here is what one of our readers had to say about after reading the book: Finally a book that helps to bring all of the pieces of the puzzle together. With all of the moving parts and methods available for marketing your contracting business online it almost impossible to determine where to start and how to proceed. Josh gives a concise explanation of how you should structure your overall internet marketing plan (explaining all of the marketing channels) and how to roll out a strategy that encompasses each over time. James
