

Going to Jupiter: The Sacred Realm of Shapes

A shaman is called to the realm of Jupiter to learn about sacred geometry and the nature of shapes. She travels through layers of consciousness and time to arrive to a sacred place of the void of creation. There she encounters sacred shapes that make up the fabric of the multiverse. This, in turn, leads to meditations to awaken the spirit via sacred geometry and numerology. Set against the backdrop of the 11-12-13 vortex opening, this is a lesson in evolution of consciousness. Follow her through the sacred fabric of inter-dimensional truth to awaken dormant energies within yourself, to find your place in the multiverse, and to learn to uncover your own gift of spirit. bless
