

Brian Roberts, a former atheist, details the main obstacles he faced when considering the existence of God, and dismantles the distractions and unfair assumptions so prevalent in the atheism vs theism debate. Unlike other works on the subject, [super] NATURAL does not use religiously heavy-handed approaches to the question of Gods existence. In fact, at the beginning of the book, Brian is quick to dismiss the notion that the work is religious at all. Enjoy a brief and digestible version of the popular seminar Brian has been giving for more than a decade. What are the unfair assumptions people make about atheists? What are the straw-man arguments and distractions that atheists so often find themselves guilty of using? What are the truly problematic questions atheists must overcome - and theists must be able to answer - before believing in God? And what exactly IS God, anyway? Find out all of this and more!

The 2007 Import and Export Market for Tubes, Pipes, and Hoses of Unhardened Vulcanized Rubber in South Africa, A journey in other worlds, Happiness Now: Awakening Instant Happiness, Fluid Mechanics (2nd Edition), Last Poems,
