

Fated Soul (The Hourglass Chronicles) (Volume 1)

Adelaide has the power to save Trent from death, but messing with fate has dangerous consequences. As an Exanimus, Adelaide's job is to take care of the sands of fate and collect souls immediately after death. She loves her work and misses being a living, breathing teenaged girl, but the Exanimus Code restricts her from having individuality and empathizing with the souls she collects. When a mysterious, glowing hourglass appears in her possession, Adelaide can't help but investigate the anomaly: a surfer named Trent. Observing Trent in the days leading up to his death makes it impossible to watch him die. So Adelaide does the unthinkable and flips his hourglass, extending his life. In doing so, she brings a terrible imbalance to the world and becomes a key player in a covert revolution. When forced into hiding, she meets Trent and begins to fall for him, which makes it hard to choose between keeping him alive or repairing the damage she has caused. Will she choose what's best for the greater good or lose love forever?
