

Atonement, Law, and Justice: The Cross in Historical and Cultural Contexts

Atonement, Law, and Justice provides a critical reading of the history of major atonement theories, offering an in-depth analysis of the legal and political contexts within which they arose. The book engages the latest work in atonement theory and serves as a helpful resource for contemporary discussions. Adonis Vidu has written a learned, thoughtful, and intriguing study of the history of atonement as it relates to concepts of law and justice. Of particular interest in the current context of wider discussions of the doctrine of God is Vidu's articulate exposition and defense of atonement in relation to divine simplicity. This is a fascinating and significant book that repays careful reading.--Carl R. Trueman, Paul Woolley Professor of Church History, Westminster Theological Seminary, Pennsylvania

Adonis Vidu does much more than provide a meticulous and perceptive overview of the history of atonement theology. He argues that we understand this history properly only by tracing the medieval interlacing of justice and law and their disentanglement in the modern period. And by linking the doctrine of divine simplicity to God's agency in the crucifixion, Vidu presents a nuanced plea for the inclusion of the role of punishment in a fully-orbed understanding of the death of Christ.--Hans Boersma, J. I. Packer Professor of Theology, Regent College, Vancouver; author of *Violence, Hospitality, and the Cross*

The story of how the Christian doctrine of the atonement developed is both fascinating and important. Too often, however, it is told without proper attention to the importance of various intellectual contexts. In this work, Vidu calls clichés into question and works to show how different models of the atonement are related to varied notions of justice and law in the Western intellectual tradition. It is a work that will open further inquiry, and it will repay careful

study.--Thomas H. McCall, associate professor of biblical and systematic theology, Trinity Evangelical Divinity School
