

# The Mythology of Intelligence: Products of Adatation other than a Name

Reflections is a two part series to start 20 and more volumes about mythology, and I will proceed into 12 and more volumes to translate Bible myths. The myth of the human is going to be portrayed by me in terms of resource to not to be of human originated decision; so to offer here two volumes about fusing skills not of known means. Intelligence is then going to consider the ego, I and its known limits about defense. Adaptability is then given of symbols and reflections; such as to grow a better angel. The jugglers, clowns and road work are going to ultimately to be given of entering to heavenly resouce; so to talk in terms of reflection and responses to such a basis of intelligence. The Freudian system is of a name and home. The Mythology of Intelligence deals in adaptations of symbols, colors and the not I. The product of intelligence is given to be the realm of myth.
