

The Greater Life and Work of Christ

With hundreds of Scripture quotations, Alexander Patterson seeks to provide a birds-eye view of the life and work of Christ in history not only during his time on Earth, but before Creation, during Creation, during Old Testament times, during the Day of the Lord, and in the eternal future. A. W. Tozer agreed that we need a renewed vision of the glorious supremacy of Christ over history. He is the Alpha and Omega of both time and eternity. From the Preface: The Eternal Christ is the theme of Scripture, and not the Christ of the gospels simply. Until this is seen, the Bible will be an enigma. The study of the Bible should therefore begin with him who is its Alpha as well as its Omega. This book is a study of Scripture from this standpoint.
