

## The Dive :: A Memoir (Kismuth Book 3)

For six years I didn't talk about what happened. Now I've written the whole story, complete and honest. It's a mix of love and pain. A very specific kind of love, which is the affection a woman feels for her as-yet unborn child. And a very specific pain, the result of losing a child in the womb. Karin Malhotra\* arrives in Seattle with lots of dreams for the perfect life. A job as a newspaper reporter in the heart of a gleaming city, at 28, she feels ready for anything. Except for a stunning miracle of fate that crumbles her picture. A sharp dose of reality spins her into a long, loose dive from which it takes two full years to resurface. Since 2006 I've held in my heart a love story, unfinished. I wrote *The Dive* to honor that, and somehow, to complete it. \*Names have been changed, but otherwise, everything is relayed as it happened. *The Dive* follows *The Elopement* in a four-volume series, *Kismuth*. Dipika Kohli's next book, *The Dive*, starts where *The Elopement* ends. I am already counting the days until its publication on October 10. --Kate Allison, *The Displaced Nation*
