

Adam Mahoney, You Just Won!

Adam Mahoney enjoyed a normal existence in a normal town, minding his normal business, okay with being normal. He wakes one morning to discover his new normal is a life that has never been lived, much less successfully navigated. Everything he has known and is comfortable with is taken away. Faced with unlimited possibilities, what will he choose? How will he respond when he knows that no one else could possibly be affected by any action he takes? Can any choice be labelled selfish when hes the last man standing on the face of the earth?
