

Modern Magic: Mantras for Daily Life

Taking a wholly original approach to self-improvement, the innate magic within each person is harnessed in this spiritual survival guide that reveals how to utilize everyday routines and surroundings in becoming a better version of oneself. Offering a modern appeal and quirky sense of fun, newcomers to the practice of magic or those hesitant to commit to a new lifestyle will find the book to be a relaxed, welcoming aid that will inspire confidence in the art. The author also takes on existing rituals and magic from different eras and nations and adapts them to the contemporary reader. Enchantment as part of the everyday and the incorporation of common objects into magic, including modern technology, is clearly explained. The book provides instructions on how to manifest what is needed to fulfill desires and needs, and for individuals to fully embrace the creative and contemporary aspects of themselves.
