

## Fears of the Vampire

In 8100 BC Egypt, the God Amunna yanked 15-yearold Mikos soul from his body to save him from an early death. Miko is now Jebel Barkal, a vampire living in the United States of America with his vampire family. Using his mind to slip in and out of times and dimensions of space, sometimes bringing people with him, Jebel has been waging a battle against evil since the days of the pharaohs in Egypt. Now his greatest conflict will be holding on to love and life.
