

THE LIFE TAKER: Flickering Shadows of Pure Evil

The LIFE TAKER is inspired by actual events! From the dankest extremes of death's rigors comes a foreboding contagion that has the capacity to pick at the innards of humanity in a way that leaves a fearful coldness where only moments before ran the warm vibrancy of life. This sheer detestation for life eclipses the ever-darkening shadows cast by the overhanging trees that are growing from the looming hillsides and jutting outward over the roadway. Those flickering shadows reflect upon one of those rare earthly inhabitants that take the gross disregard for human life a notch up the ladder, and to the point that elation and euphoria accompany the odiferous stench of an early death meted out so effortlessly. Unexpectedly, the screeching sound of rusty brakes awakens Kara and her eyes burst widely open. That same noise causes Susan to stand as though frozen stiff, for her insides have momentarily turned icy cold. In her heart she believes that Hell has arrived! The chill that grips the backs of the women's necks has replaced the warmth of the day. THE LIFE TAKER is here! They can feel the clammy presence of a despicable evil that is undeserving of existence. He is here! For them life has been a joy for far too short a time without him, and now he has returned to claim what he believes is his rightful chattel. They truly believe that Parke is here to retrieve his runaway wife. However, that is not wholly correct. He is here for reprisal. He is here to kill someone anyone. Now you get a hold on yourself. Susan, you must stand up to him! You must stand firm, commands a trembling Kara. Good God, you can't let him see fear! Wilting into a nearby chair, Susan despondently replies, You just don't know him anymore. He feeds on fear. He is absolutely plain mean. In actual fact, he is an infection of the foulest sort that has gone terribly wrong. THE LIFE TAKER is the most despicable evil of the abhorrent

insane, for he is a serial killer hiding behind the facade of a good and normal family. Angrily he tells his mother, You appear to having a bad moment at a good time. ... And God wants me to assure you that you are going to have a lot more of them. Oh yes you are. Only the forlorn wail of Karas final agonizing howl is sufficient to release the disbelieving Susan from her fear-frozen stare. No matter how long she lives, she will never get the smell of Karas smoldering flesh to vacate her senses. **** Only his victims know the extent of his insatiable cruelty. Only God knows the reason his insanity driven and soulless heart continues to beat. With a quick rev of the engine, THE LIFE TAKER watches in amusement as the head of the Police Officer pulls loose from the body. For a moment he laughs insanely at the sight, and then he begins to make sick jokes that would plainly appeal only to an incompetent person. Hey Officer, which way are you HEADING? I have to believe that you are in a job where you simply cant GET A HEAD. **** The science fiction portions are not true yet. This novel is a compilation of true stories that are enticingly woven to make a fascinating tale of suspense and horror. Before the movie is made, you can know the entire story of THE LIFE TAKER!
