

This is the second and final part of Jenny's South African Nightmare. In part one, Jenny Mathews had to move from England to study at Highfield Academy for Girls in Durban, South Africa. She didn't want to move schools, but her father changed jobs and his new company's head office was in Durban. Even then, she didn't see much of him, because he travelled the world. 90% of the girls at the Academy were black, which made for a very congenial atmosphere, until a tall Zulu girl arrived, midway through the first term. Her name was Rihanna Naita and within weeks had become the dominant personality in Jenny's year. The black girls flocked around her, seemingly besotted with her powerful aura. When the Zulu goddess decided that Jenny was going to become one of her sexual playthings, there was only going to be one winner. Within a matter of days, Jenny suffers a catalogue of shameful and humiliating experiences at the hands of virtually everyone around her, including white and black students as well as male members of staff. In part two, Jenny falls foul of the South African police force when drugs are discovered in her bag, so her spiral into a nightmare situation continues unabated throughout the pages of this book. If you're looking for a book packed full of explicit sexual situations, then look no further than 'Jenny's South African Nightmare'. This novel is very much a story for adults only (18+). Definitely not for those with delicate sensibilities.
