

# Get It Done: From Procrastination to Creative Genius in 15 Minutes a Day

Creative people tend to see the world a little differently from everyone else. But that doesn't mean they can't zero in on their goals, get focused, get organized, and not only accomplish what they want to achieve but earn money doing it. In *Get It Done*, a beloved teacher and successful writer, actor, and comedian helps you get a handle on your own particular - even peculiar - creative process and harness your energies in positive, productive, and income-generating ways. Sam Bennett's innovative exercises, inspiring true success stories, and bonus online components will shift your thinking and prompt the kinds of insights that turn underperforming geniuses into accomplished artists.
