

# The Ministry Of Jesus Christ In Chronological Order: Guidebook I: An Index to Discovery

Unfortunately, no one gospel contains all of the recorded events of Jesus life, and none of them follow a strict, chronological order. Because of these two situations, it is difficult for most readers of the Holy Bible to envision the event accounts in proper sequence. Furthermore, it is difficult for most readers to determine if the recorded events occurred only once in Jesus life with multiple-author recordings, or more often with different authors describing separate situations, which could have taken place years apart from one another. Author T. Sefcik clears all of these questions up in a clear, easy-to-read table format. This is a tool every reader must have in his library!
