

Richmond: A Historic Walking Tour (Images of America)

Images of America: Richmond: A Historic Walking Tour guides readers through one of the earliest cities in the United States. The book offers stories about settlers and Native Americans, our Founding Fathers, and even famous celebrities such as Elvis Presley, who made a visit to the Jefferson Hotel. Presented in this book are several walking tours, including one through Capitol Square, home to the Thomas Jefferson-designed state capitol; a stroll down Monument Avenue, one of the first streets to be listed on the National Register of Historic Places; and even a ramble through Hollywood Cemetery, the picturesque 19th-century resting spot for many celebrated historical figures.
