

A Simple Thank You: Your Key to Happiness and Success

In this book you will learn how to achieve a greater sense of self-fulfilment by taking the time to commit your thoughts to writing with no intention of receiving anything in return other than personal satisfaction that the recipient will benefit from its receipt. For Business operators this book will show how by using the practical techniques you can grow your business and make it a leader in your industry by making it unique. Practical examples are provided on how to say thank you or give recognition which will reward you in ways you have never contemplated. We may communicate today with different tools and with greater speed but after reading this book you will be able to experience a greater level of self satisfaction and grow your business by recognising others and simply saying Thank You
