

In Gods Time: The Bible and the Future

Enormous confusion exists today concerning the Bibles teaching about the future. Millions of contemporary Christians are caught up in rapture fever, evidenced by the phenomenal success of the Left Behind novels. At the opposite end of the spectrum are those, such as the leaders of the Jesus Seminar, who believe that Jesus did not teach about the approaching Kingdom of God. In Gods Time offers an alternative to these two poles in the debate, an alternative that is at once faithful and sane, readable and scholarly. Author Craig C. Hill encourages Christians both to take seriously and to think sensibly about the hope of Gods ultimate victory. His new book includes chapters on the nature of the Bible, the history of prophecy, the meaning of apocalyptic writings, the interpretation of Daniel and Revelation, the expectations of Jesus, and the hopes of the early Christians. It also includes an appendix (Not Left Behind) on the subject of the rapture. Endorsed by a wide array of top scholars and church leaders, In Gods Time is a reliable guide to this often bewildering but always fascinating subject.
