

# ISO/TR 17671-1:2002, Welding - Recommendations for welding of metallic materials - Part 1: General guidance for arc welding

ISO/TR 17671-1 gives general guidance for fusion welding of metallic materials in all forms of product (e.g. cast, wrought, extruded, forged). The processes and techniques referred to in this part of ISO/TR 17671 may not all be applicable to all materials.
