

RICH NEARSIGHTED: BIG FISH IN SMALL PONDS

To understand when you are in the presence of rich with myopia or big fish in small ponds who want to know will find on the facts of his life, circumstances and events, how they have behaved and related to the following 24 questions: normal (8), essential (8) and transcendental (8):

Normal questions (chapters 1 to 8): What is the chromefobia or crematofobia? Why there are very talented people in poverty? Because there are beings incapable of seeing opportunities? Why there are businessmen and businesswomen break soon? Why men and business women are waste their fortune? Why there are intelligent men and women who are with the money? Why from the academy does not train students as entrepreneurs and businessmen? Why the money and possessions, generally go against the ethical and moral values?

Essential Questions (Chapters 9 to 16): What influence both vices, beliefs, emotions and feelings, loss of wealth? What is needed to achieve financial freedom? Why a simple idea is not enough to amass wealth? What role do they play in building wealth: political, state, international and multilateral organizations; economic and legal decisions and practices of the competition? What to do when the first 200 million accumulate? In the information age young people why they quickly become billionaires? How important are sales, positioning, suggestion, manipulation, control; and business development and business growth: patents, trademarks, publicity, advertising, graphic design, slogans, messages, logos, colors, images and sounds? -The Public relations and contacts do they really influence in obtaining wealth?

Transcendental questions (chapters 17 to 24): How do commercial is redirected, the dynamics of poverty and the changes of mankind through nuclear fusion as a solution to energy problems? What affects both the

rich that arise from drug trafficking, smuggling, money laundering, organized crime groups outside the law, corruption, trafficking in arms and people, social structures, childhood, the economy and fate of humanity? -?Se Justifies making a fortune at the expense of the planet, causing ecological disaster, destroying the flora and fauna, destroying water and oxygen, and accelerating climate change? -The Search for resources, new possibilities for preservation of the human species, unknown existing technology and life on other planets and galaxies transform how life and its conditions on planet earth? Why activities such as computer and information technology, media, operations of stock exchanges, banking, oil, gas, mining, weapons, drugs, music, film and entertainment, food and beverage, fashion and textiles, jewelry, vehicles, transportation, medicine, churches and sports are the kings in the economic world of planet earth? How it relates to spiritual things? The world has lived enslaved matter, then what will happen the day that man achieves manipulate or transform at will? Why the ten richest men on the planet, could be described as miserable rich because they are short-sighted? Finally, dear readers, to find other answers to new and different questions, one must read between the lines Chapters 25 to 30. Welcome to the new book Rich with myopia
