

Journey to Mega: From Psychic to Mystic

Journey to Mega: From Psychic to Mystic is the story of a suddenly realized psychic ability, refined by years of in-depth study, practices and experimentation, and an unusually wide scope of experiences. Moreover, it is the story of one woman's path to spirituality and cites the importance of the feminine aspect in all areas of life. Meeting my over-soul was the inspiration to writing this thought-provoking, enlightening, and no doubt in some ways, very controversial book. The exciting and unusual occurrences that you will read about happened directly to me or through me, and are all explained in separate chapters: Healing in Person or in Absentia, Clairaudient Experiences, Happenings on the Inner Planes, Revelations From Higher Beings, walk-ins, Finding Lost People and Items, Dreams, UFOs, Reincarnations, Meditation, Angels, Demons and Devils, etc.
