

Journey to My Soul: Following Divine Navigation

Terri Lynns inspirational story shows her fight to be happy in the midst of a living hell. Her two young sons moved away with their father. Devastated, without a will to live, Terri Lynn surrenders her life to God for the strength to carry on. Her story demonstrates that when God steps in, magic and miracles follow. Living on welfare amid shattered dreams, she had to choose happiness or die in sadness. After a few years, she awakened to new possibilities and set a goal. Once her goal was set, divine guidance took over and directed her, much like a navigation system. Before long, she was living a luxurious life with her sons, and her happiness level went over the top. Her gratitude to God for delivering her from her past pain to such happiness and success put her on a spiritual path, a journey within. Her message is simple: The decision to be happy, no matter what, makes everything feel better, and when you feel good, good things happen.
