

## Lovely Paradox: Love Lost

It feels like nothing is ever going to change for Ali Morgan and then she meets Damien. Hes the opposite of everything her parents have hoped she would find, which makes him all the more attractive. The more involved Ali becomes with Damien, the more her parents try to separate her from him. Their actions cause Ali to ignore her parents and jump even further into a world she has been sheltered from. But now that she has found her confidence thanks to Damien, Ali isnt going to blindly follow the rules her parents have tried to force upon her. Will Alis parents be able to convince her that Damien isnt the one for her or will Ali discover something much different all on her own?
