

## Memoirs of a Middle-Age Wild-Child

Toni was a widow with two kids in college when she met Dave. Dave was a widower and they both had a need - sex. So they started out and in time Dave introduced Toni to the concept of group sex and in particular the joys of sex with black men. Toni leaped at the chance and all went well until Lisa, her daughter came back from summer camp. Only, Lisa discovered what was going on and wanted some of the action for herself - then the parties REALLY started to swing. Intense, sexual encounters fill this story of mother and daughter in the hands of black men.
