

My Life: The Last Photo

Edgy, provocative, and wonderfully imaginative, My Life: The Last Photo tells a story of armored blades and trickled swords, bullies and heroes, the strong and the weak, friends and enemies, and the incredible power of good over evil. Friends Ami Naming and Hyki Momoshe band together to create an unstoppable force and recruit others to their cause. They fight metal robots and ominous shadows, create waves of energy, harness their powers, and prepare for continuous battle with dark forces. Their pet Meowshe assists them, guards them, and protects them from harm. But at the heart of these warriors story is the Legend of the Destined One and the quest he must undertake. Full of action, adventure, love, friendship, life, and death, My Life offers action and adventure, where you imagine your next move and roll with it. Hate the feeling of hate, and slap yourself on the back and say, you know nothing of me! We go, we go on together, or, as your own cloud abyss, tear it and grab the light!
