

Naked magick and marijuana: The Naked Magician Series

Are you a solo practitioner of magic or someone who aspires to be one? Do you smoke marijuana or are you considering it? Are you interested in learning how you can combine marijuana with your magical operations in order to amplify their power and effectiveness? If so, this may be the book you're looking for. The basic premise of this book is that any magical operations that you normally conduct can probably be enhanced and supported by the Spirit of marijuana. A big claim? Maybe. But you don't have to take the author's word for it. He's not saying that you need to smoke marijuana to improve your magic or that you should. He is saying you could explore and experiment with using cannabis and come to your own conclusions. Based on his own experience, here are seven of the author's conclusions:

1. The Spirit of marijuana is a powerful and hardy teacher plant that first evolved on earth approximately 50,000,000 years ago and that is known as a potent amplifier of intention.
2. The energy that powers your magical work is your own individual conscious awareness supported by the collective field of consciousness. The Spirit of marijuana is another expression of this collective field of consciousness. $1 + 1 = 2$.
3. There is power in numbers. Magic is powered by your consciousness. Consciousness is awareness. Marijuana helps to expand your awareness which in turn increases your magical power.
4. Someone once said that magic happens when a tremendous amount of imagination interacts with matter. Marijuana can enhance the function of imagination and may increase intuition.
5. The Spirit of marijuana can assist you to more fully and consciously dwell in the now, the moment of power, the moment of magic, the place where magic happens.
6. Cannabis is a psychoactive plant capable of helping you enter into an altered state of consciousness. Your magical operations can be conducted

from within this altered state to your advantage. 7. Cannabis can function as a potent amplifier of your intention. This book can teach you how to enter into a friendship with the Spirit of marijuana (or renew the one you already have) in order to amplify the effectiveness of your magical operations.
