

Necronomicon Spellbook I: The Magan Tablets of Magick & Creation

[Mardukite Heritage Edition: A reissue of an otherwise cycled out-of-print edition kept available for review and posterity as part of the developmental legacy of the Mardukite Research Organization, founded 2008.] THE MAGAN TEXT... ..long thought to be the fantastic concoction of wishful-thinkers, the fundamental basis for the mystical, magical and spiritual tradition born of Ancient Mesopotamia has come to life! ENUMA ELIS... ..cuneiform tablet records of magick and creation are drawn together to reconstruct the most antiquated, powerful and legendary magicians primer ever known to the minds of men --formulated by the ancient Sumerians and Babylonians! STAR-GATES & THE FIFTY NAMES... ..herein lies the origins of religious sects of the ancient world; of the mystical and priestly magick known as Kabbalah; of the political methods used by priests and wizards to affect societies; of the occult and esoteric hierarchical-pantheon based grimoires of spirits used famously throughout history! MARDUKITE BABYLON... ..hidden within are the secrets of the archetypal religious magical system, the most ancient methodology for personal development and material gain -- the basis of an Anunnaki-based spiritual system being revived today by the modern Mardukite movement!

NECRONOMICON SPELLBOOK I is the first volume a specially designed trilogy dedicated to the concise practical applications of Sumerian Religion, Babylonian Magick and the Anunnaki mysteries of Mesopotamia (simultaneously released by the Mardukite Chamberlains as Magan Magick: Babylonian Tablets of Magick & Creation - Enuma Elis or Liber-E). Also suggested: VOLUME II: Necronomicon Spellbook II: Maqlu Magick & The Dark Arts of Babylon edited by Joshua Free with translation assistance by Khem Juergen.
