

Neverlost4good on the Camino de Santiago

Sometimes you have to jump. After researching through blogs, books and YouTube, Rebecca grabs a pack to join one. Initially, the author sought to write this book for those who would not be able to walk, describing the terrain and the villages, but what starts out like a guided tour, quickly turns into an adventure, as walking alone often does. Read about how the Camino changes a light-hearted traveler into a soul searching pilgrim. Neverlost4good does get lost, often misplacing her poles and pack while learning how to manage the trail. Every story from the Camino de Santiago is different, because it is never the same walk for anyone. This book includes photos from the trail, interesting alternatives in completing the journey and humorous situations. Enjoy the book and dont be surprised to find yourself looking into traveling to Spain yourself one day. Warning: this walk will change your life!
