

This book is an intricate piece of art designed to show the facts about the timing of the first resurrection or how many Christians know it the rapture. I go through an extensive amount of research to explain every detail that anyone would possibly need to know in order to truly understand the timing of the first resurrection. I use many scriptures and the reason behind this is I want to prove all things, and the only way to do that is by going straight to the source, which in this case is Gods word.
