

This is the story of 8 year-old Sammy and his journey of love, loss, and friendship. Meet his Uncle Harry and their new friend Sadie, the bereavement therapy dog. Discover how Sadie, and her special connection with Sammy helps him through a difficult time of loss and sadness. Sammy then discovers Sadie's true mission of providing hope, unconditional friendship and acceptance. He uses the lessons he learns to help his little sister overcome her fears as well. After all, that is his job as the big brother.

Sadie & Sammy: A Tail of Love, Loss, and Friendship is an engaging story that illustrates the role animals can play in bereavement. This story describes a special relationship between a boy and his uncle. When his uncle passes away, he copes with the loss through the support of a therapy dog. With lively illustrations and a positive tone (despite being a challenging topic), this book is a perfect companion for counselors, teachers or parents who want to help children work through grief and appreciate the role of therapy dogs. Further, this book could be used for children to better understand the special relationship they have with their own pets and how they can help them through experiences of loss.

A beautiful book that addresses loss and growth from a child's perspective while educating children of the use of therapy dogs.
