

## Economic Policy 53 (No. 53)

Top economists provide a concise and accessible evaluation of major developments in trade and trade policy. They examine the key issues pertinent to the multinational trading system, as well as regional trade arrangements and policy developments at the national level. Provides up-to-date assessments of the World Trade Organization's current Trade Policy Reviews. Economic Policy is written for all those with an informed interest in economic policy problems. All articles are submitted to rigorous scrutiny by a panel of distinguished economists from around the world, resulting in a volume of authoritative and accessible articles, each followed by the comments of panel members.
