

## PROVE ME WRONG, PLEASE

RELATIVE TO THE END-TIMES, should one believe what men say God has said or that which God has clearly stated? Considering the length of eternity, it certainly seems safer to subscribe to the principle set forth in the Book of Acts, 17:11 -- ...they received the word with all readiness of mind, and searched the scriptures daily, whether those things were so. The purpose of this book is to encourage Christians to determine what the Bible clearly teaches concerning the location of the Lords church during the Great Tribulation. Presented within is a brief synopsis of the three primary schools of thought related to this area of theology, along with the possible danger inherent in a wrong understanding of what God has actually said.
