

## The Freedom Champion! Freedom From Fear!

Are you scared of stuff? Maybe you're scared of situations or things that you've had bad experiences with in the past? Maybe you just worry about them affecting your future? Maybe you spend time worrying about things that have NEVER happened to you or someone you know. Maybe you're worried about what MIGHT happen? Whatever it is for you, life is much better when you can conquer your fears! Read this book to discover how an ordinary woman (with a few real and imagined fears) managed to conquer almost all of them to go forth and lead a life without having to worry about the consequences all the time! Plenty of women feel like this. We've let our fears sneak up on us and gradually make us stop doing things we used to happily take part in. Maybe it happens when we have children and suddenly know we have to keep them safe. Maybe we don't want to be like our parents and so we start to avoid situations that remind us of how they behaved. Do this long enough and your life begins to change. Many women feel powerless to do anything about this. They are afraid of being branded selfish or lazy or irresponsible because they just choose to not be afraid anymore. The Freedom Champion! Freedom From Fear! is a short book that examines why we are fearful and what we can all do about it. Tracey has managed to overcome her fears and now leads a much more relaxed life. She shares with you what she was scared of, her previous attitudes and how she feels about those fears now. This is a no holds bar account that will make you feel like you're in the kitchen having a nice chat with the author! If you're tired of being ordinary and living an ordinary life that's being controlled by fear more and more, this concise volume will show you that you don't have to just keep doing the same old thing. You can make changes; you can embrace your Freedom From Fear! And

you dont have to disrupt your entire family to do so! Enjoy this quick read and maybe, just maybe, discard some of your own fears! And when its over, dont stop there.
