

Mother and child: there is no stronger bond on earth – or is there? Eighteen-year-old Sylvie stands on Brighton beach, broken and lost in the depths of melancholy and regret. This story of the close but turbulent relationship between Sylvie and her larger-than-life mother, Anna, is slowly revealed through a series of flashbacks and memories. As Sylvie paces the promenade, examining her childhood, she is forced to face up to her own issues around body image and self-acceptance. Balloon Girl is a modern-day tale of parenting and relationships told from the perspectives of troubled Sylvie and vivacious Anna. This 21st century fable explores our position as parents, our responsibility as role models and whether we can really blame our parents for our own problems. And if we do blame them, how do we then learn to forgive?
