

CRV - Controlled Remote Viewing: Manuals, collected papers & information to help you learn Controlled Remote Viewing

This book is a compilation of papers, manuals & comments to help students of (CRV) or Controlled Remote Viewing, learn this amazing intuitive art. We present from the CIA Star Gate archives and from prominent practitioners of remote viewing for the first time together in one book. First, we include a paper from the father of Remote Viewing and the creator of CRV - Ingo Swann. The document is titled Co-ordinate Remote Viewing (CRV) technology 1981-1983, Three year project. After this we present two differing CRV manuals. The first by Ingo Swanns top CRV student and the only person trained in all CRV stages by Ingo Swann (Tom McNear). This is titled: Coordinate Remote Viewing Stages I-VI and Beyond - 1985. The second, a later manual was created primarily by Paul H. Smith with help from the then team of military Controlled Remote Viewers, titled: The DIA CRV Manual 1986.
