

The 20 Secrets of Millionaires

My name is Marc Theriault. I am from Riviere-du-Loup which is located in Canada. Since the age of 23 years, i am very passionate about books which deal with personal growth. The big problems of life have opened my eyes and made me realize that in life we hold our destiny in our own very hands. It is up to us totally , what we want to do in our lives. This is what allows us to express freely on different matters that goes around our lives.

I think you have the power to transform your life for the better and also make a difference in other peoples lives.

Sometimes people may get jealous of your success and would try to dissuade you, but you must be aware of the fact that you are the master of your own destiny. I had fallen sick twice, from which I have gained experiences which have helped me to learn big life lessons. I am an ambassador of happiness. Through my book, I want to give people a taste of action which will help them to surpass their own limits. I remain motivated to carry out my projects in my life and wish to remain a student for life. Taking a cue from my terrible health condition in 2011, which has changed my life, i have decided to take the time out to share my experience with my readers. Thanking you for your kind attention and good reading, i wish you all a very happy and joyful life.
