

The Ambrosia Factor (Haleakaloha Adventures Book 69)

This summer the boys decide to get jobs at the new Kalawao Bay sea mine plant on the beautiful island of Molokai in the Hawaiian Islands where minerals are being extracted from sea water. From the start they encounter inexplicable opposition to their plan opposition that seems to have a peculiar element of personal malice. In spite of this they manage to land jobs at the plant, but it soon becomes apparent that not only is the sea mine being systematically sabotaged but also that the unknown enemies are determined to liquidate Kyle and Chad themselves. Finally, after Kyle foils a murderous attempt on their lives, the boys are fired for their own good. But Kyle and Chad sense that the climax of the diabolical plot is not far off and refuse to stay fired. The Ambrosia Factor by author Robert R. Dahlgren is a taut trigger-paced story in his exciting Haleakaloha Adventure series in which the mounting suspense culminates in a surprise ending that will catch the reader off guard.
