

Waking Gabriel (Sleeping Tom Book 2)

Caden thought it was over; she thought Gabriel was gone for good. It only took a letter with a single plane ticket for reality to come crashing back. Gabriels awake and he needs her. Caden decides to sacrifice her familys trust for the possibility of seeing him again. But her reunion with Gabriel is short lived. Gabriel isnt in control anymore, Tom is. Tom, the boy who only appeared at night, now thrives during the day and controls everything, leaving Gabriel with only a few hours in the dead of night to sort out his life. As Caden struggles to balance helping Gabriel, keeping her mother happy, and pursuing her passion for cooking, she must decide if saving Gabriel is worth losing herself in the process.
