

Discipleship from Jesus's Perspective: Rediscovering and Reinstating the Master Plan

In this masterful work George Gray calls the church to live out the most natural expression of her love and obedience to the Master. Grounded in careful exegesis, comprehensive, and sensitive to the complexities of modern life, Gray examines the Gospels as a script that reveals not only how Jesus shaped the first disciples, but how we must carry on making disciples in His name. -David B. Capes, Thomas Nelson Research Professor, Houston Baptist University * * * Discipleship is not about teaching someone to pray and read his or her Bible; it is about learning how Jesus wants us to pray and read our Bibles. Discipleship is not about the doctrine of the Church, but the doctrine of Jesus Christ, the head of the Church. It is not about attending a church service, but attending to the Lord Jesus's view of what it means to be the church. In *Discipleship from Jesus's Perspective*, author George Gray presents a guide for becoming a disciple the way Jesus intended, that discipleship means adhering to His expressed will. Gray carefully examines Jesus's pivotal statements regarding discipleship and unearths the key principles that transform the art of making a disciple from a subjective guessing game to an objective and definitive master plan. Including purposeful questions and exercises, *Discipleship from Jesus's Perspective* provides practical steps for following the master plan and applying the commands to everyday life to become a true disciple of Jesus.
