

The New Boss

Fashion is like art to me. People look at a particular piece of art, and its like... they just dont get it. I see fashion as one of the most beautiful things in the world. I dont consider only the high-class pieces to be fashionable and fabulous. I think, as in most things, beauty is in the eye of the beholder. A trend is a particular part of fashion that society is focusing on at the moment. Style is a womans means of expressing herself through clothing, makeup, hair, and accessories. Know your style, like your favorite pair of shoes! I believe in this power-packed, 13-step practical guide for womens personal development (a modern term for polish and balance, self-management, and striving for a confident life). As a part of this guide book, you will learn how to develop an attitude, which brings peace, success, and confidence. Additionally you will come to understand that good grooming is essential to getting ahead in a competitive world. Your appearance should match your ambition. No matter who you are, or where you are in your journey, you can enhance your life. Self-confidence makes any woman at any age look and feel more beautiful, fashionable, and fabulous. I included in this book some of my personal experiences of how I beat the odds in the middle of a storm. Most people would crumble from all those expectations and people pulling on them, but I did it with style, panache, and grace; I think this adds another touch of glamour to this easy read. I wrote this book with you in mind. This book gives you guidance on makeovers and fashion, includes a career guide with proven interviewing tips, a framework for enhancing your ability to dress for success, and a customizable shopping guide. This hints on what, and how, to purchase on a limited or unlimited budget, and more. I am an established business leader, entrepreneur, style icon, author, and philanthropist. I come from an

extraordinary family, both in size, and in accomplishments. My lineage is steeped in entrepreneurship. I am passionate in my quest to positively impact the lives of others. My program is driven to create employment, establish healthy financial behavior, and improve self-awareness, which will help women lead better lives globally.
