

The TRIALS of NIAN GAO

A tale of resistance, and escape to a new World... The Author delves into the depths of the human mind, creating an incredible journey into the future. When Nian is imprisoned, part of his sentence is the excision of part of his brain. Released back into the Old Empire, his mind is not the same, it works differently... he has fear.

Disowned by his family and desperate to live, he works for the wrong people, fleeing city to city with his demons until finding asylum ... in unusual circumstances in the New Empire. A mind-opening, searing tale of big brother in 2084.
