

Life and Times of a Medium

It gives me great pleasure to be able to present these teachings through my good friend and colleague Martelo - a wonderful, extraordinary medium. I know how difficult it has been while writing this book, having disturbance with his vision, so I am therefore sympathetic for him in the way he has kept to his bargain in letting me bring the knowledge of the afterlife to be installed in print. I hope he may be able to finish this documentary without having any disabling moments. The Hierarchy on a higher plane is sending healing rays to him at this moment. I know Martelo, being an initiate of the fifth degree, will come through. We have been close together for a long time and know each other very well indeed. I would like to finish this on a better note if possible. Don't give up because you think nothing is happening, you may get a surprise out of the blue which will prepare you for the next step ahead, and see what we all can learn in the process. Once again, I am delighted to be able to be asked to come to the Earth plane for a short period. Always remember you are never alone, even in the silence in which we dwell. Waiting for the right time and the right person to communicate with us is why we do not rush in when we see someone aspiring; we wait and have patience until the time is right.
