

Londons Best

Publication Date: December 23, 2012
The worlds darkest realms beacon and threaten, and the wails of the innocents call to the great detective in his respite of home, loved ones, and study. International entanglements bind and draw him in for mercys sake, as if upon him alone they may trust. In this, all those and all that he holds dear are placed in peril. Their fates and his very own life hang in the knife-edge balance between evil and his sharpened wit.
