

Travels with Doris

Meet Frank King, the dry and witty life force who refuses to settle down despite his health related damaged goods. After meeting on a climb with the Seattle Mountaineers, Frank knew he had found his match in Doris, whose beauty, more specifically, hard brown legs and sunny disposition spurred the interest of a lonely man searching for adventure and finding his perfect traveling companion in the process. In their mid-sixties, the two set off on adventures together from Italy to India. Sleeping everywhere from bare floors to buses, Frank describes the endearing and humorous accounts of two unconventional travelers traipsing through several different countries with no lack of love and definitely no reservations. *Travels with Doris* reveals the tenacity and young spirits of two older individuals complimenting each other and having unadulterated fun along the way.
