

Trilogy of One

An extraordinary meeting reveals cryptic messages holding the key to power, success and personal transformation, locked away inside an ancient monumental site... Dr. Haswan, an elderly archaeologist finds Mike, a successful architect stranded in the desert. Was it coincidence these men should meet or were there other forces in play? Either way, this transpired to be a life changing experience for both of them. The doctor is a keeper of ancient wisdom passed down through generations over thousands of years, which he believes to be a blueprint for power and success. This knowledge has burned away inside of him almost his entire life, as he waited patiently for the right person to share it with now the time has come! Beginning with a legendary tale of creation, Dr. Haswan uncovers the mystery surrounding one of humankind's finest architectural achievements. He explains why people behave in the way they do, often leading them towards unfulfilled lives and overwhelmed by feelings of powerlessness. Mike believes he is already taking full advantage of all life has to offer, happy in the pursuit of his dream career one with purpose. He finds himself both captivated and challenged as he learns how a simple misunderstanding of the law of attraction, frustrates the majority who try to harness this phenomenon. How and why people experience fear, and the thing which sets humanity apart from the rest of the animal kingdom. Dr. Haswan has fulfilled his life's purpose. Mike, equipped with this new understanding, finds himself with one final question to answer has he found his? This is a game changer!
