

Faith: The Gift of God (BIG TRUTH little books) (Volume 2)

What does an unbeliever need to be saved? Where does faith come from? Do Christians need to use complex philosophical arguments when sharing the gospel with their friends, neighbors, and co-workers? In this concise volume, Cliff McManis argues cogently and persuasively that, contrary to what many popular Christian apologists allege, Christians should focus their energy on explaining and proclaiming the gospel, for it is the word about Christ that produces faith in the heart and faith is what unbelievers need to be brought into a right relationship with God. This little book will help free Christians to confidently share the gospel with those around them.
