Mystic Order (Part 1 & 2) by Jasmine Bowen Some children are born with magic in their blood, that allows them to be warriors, telepaths, levitators, or invisible. Children identified with powers are sent to Middle Planet, where a special school is set up to train them. Upon graduation, they team up with those more experienced in the Mystic Order, to keep peace and assist in the universe. Creetina is special, suffering from an autoimmune disease that will slowly eat away at the

powers she was born with. But two Mystic teachers, a longtime team, decide to take her as a novice for the few years she has left. Helping this remarkable teenager toward death is the hardest battle they have ever fought.
