

A Lightworkers Perspective

A Lightworkers Perspective is a series of essays that looks deeper into the worlds current situation. Each essay attempts to look at the bigger picture and move above and beyond the drama that bogs down our daily life. From family issues, to integrity, to religion, and on to life choices and even the weather, all topics focus on how to make the best of all situations and to help others do the same. This books chief aim is to show that love is all around and that just by changing our perspective we might be able to share that love with others.
