

Why Should I Recycle? (A Smart kinds guide to a green world)

Do you know that the amount of waste generated everyday on Earth, in cities alone, is enough to fill a fleet of trucks covering 5,000 kilometres? We have been creating and dumping waste into the environment for far too long. Well, all this waste is destroying the environment and the world we live in. The time has come when we must sit up and make amends. Small and consistent efforts will go a long way in dealing with this mounting issue. Why Should I Recycle? helps us understand the principle of Reduce, Reuse, and Recycle to ensure that we play our part in making the world a cleaner, healthier, and better place. Table of Contents: Think before you throw! Dealing with waste Its all in the ground! Trash that can harm The deadly e-waste The 3Rs Reduce Cut it out! Reuse Its still not trash! Recycle Make it new again! What can and cannot be recycled? Turning old into new Look for the loop It all begins at home 3Rs at school Lets make a compost pit! Lets make recycled paper at home! Lets get active!
