

A Womans Guide to Knowing What You Believe: How to Love God With Your Heart and Your Mind

For All Women Who Want Faith that Engages Their Hearts and Minds God has given every woman the ability to have an extraordinary faith--one that involves both the heart and the mind. Yet many womens faith is grounded solely in their hearts, leaving them unable to defend their faith or susceptible to the latest spiritual fads. In this book, Patty includes real-life stories and examples, including her own experience coming to Christ after a ten-year search for truth. She reveals how beliefs are not just about the intellect--they play an active role in behavior, in relationships, and in families. Finally, she demonstrates how you can share and defend your faith to those you love in a persuasive yet relational way. Includes questions for personal study and large or small groups.
